17) An institution such as the proposed Hostel deserves at the hands of Govt much more support than a Club or a Theosophical Society. Yet, it is disappointing to learn that there are no eligible sites in Bangalore for the Hostel

18 Site No 1, opposite to the City Institute, near the Fort, is best suited for the purpose. The City Improvement Commissioners consider it necessary for constructing a Municipal office or a Town Hall or some such public purpose. Also, the sites are available closely (vide sketch)

19 The Hostel undoubtedly serves public purpose. It may be feasible to set apart a portion of the site for this purpose without seriously affecting the realisation of the City Improvement Committee

20 If this suggestion meets with the Govt's kind approval, details regarding Extent &c will be called for from the Promoters in a suitable manner & a draft proposal

at a cost of about 50,000 Rs

If the University is to be established in Bangalore, the site would be required for educational buildings & some part of it might be available for a hostel It seems to me however that it will not do to erect communal hostels on the site, as it will be necessary to have only college students living in the hostels of the near the University.

From the papers it is seen that the Mahratta hostel now contains students mostly reading in the lower classes of the High school & the A V school. It will not be advisable to have in one hostel students reading in the A V school, the High school & the College

For College students, the hostels may be near the College & for the High school & A V school students if hostels on a communal basis are proposed they might be concentrated near the Fort which is fairly central.

However so far as Ketchiah Chetty's Chahan is concerned, the disposal of the site will have to wait till the question of the University is finally decided.

SIR,

Current file

With reference to your letter No. 1248 / Ml. 95-13-2 dated the 29th July 1913, forwarding a petition received from Mr. Sajjan Rao Suryavamsay, Bangalore City, praying for the grant of a site in any of the five localities named by him for the construction of a free boarding house for the boys of the Maharatta Community and calling for definite proposals in the matter, I have the honor to state that in reply to a similar petition submitted to Government by the petitioner in March 1910 an endorsement (No 1370/Ml 170-09-4 dated 9-8-1910) was granted to him by Government, stating that none of the sites applied for by him was available and that Government were of opinion that the site already granted in the New Extension was well suited for a boarding house and that the defect in it might be remedied by diverting the main drain running through it to the other side of the road The above drain has since been diverted accordingly

2 Site No 1 referred to in the present petition, i e the one opposite to the City Institute is the same as the one formerly applied for by Mr Sajjan Rao The Excise Department wanted it for

the construction of an Arrack Bonded Depot, but, the City Improvement Committee have expressed their opinion that it should be reserved for public purposes such as the construction of a Municipal Office and a Town Hall. Site No. 2 referred to in the petition, i.e , the open land opposite to the Central Police Station, Fort, does not belong to the Municipality It was acquired by Government for the Police Department for the construction of the Police Superintendent's office and the central Police Station Site No 3, i e., the Kitchetty Chatram adjoining the Central College Hostel is intended for the construction of quarters for the Physics Professor of the Central College and the Deputy Commissioner is taking steps to acquire it Site No.4 is the land in the Subedar Chatram Road which was recently acquired by the Deputy Commissioner, for the municipality, from Mr C V. Narasimha Iyengar, Advocate. The acquisition proceedings have been quashed by the District Judge. I see no objection to the Maharatta Hostel being located here. Site No 5 is the Cubbon Park grounds which are under the control of the Superintendent of the Government gardens. A Hostel could not be located here

3 I regret there is no other land in the City available for being granted to Mr Sajjan Rao

To,

M. Visvesvaraya, Esquire, M.I.C.E., C.I.E.,

Dewan of Mysore,

BANGALORE

The humble memorial of Sajjan Rao, Suryavamsey, a Mahratta Merchant of the City of Bangalore, respectfully showeth

That the memorialist is one of the representatives of the Maharatta Community in Mysore, and begs to lay before you this humble memorial in the interest and well-being of his class of people

2 That one B. Venkata Rao, a well-to-do member of the community (and maternal uncle of the memorialist) who was yearning to work for the advancement of his class of people bequeathed at his death in 1907, a sum of Rs.40,000/- for the establishment of a "Boarding House" for the benefit of the Poor Maharatta Students in Mysore

3. That the memorialist ventures to bring to your kind notice once more the fact that the Maharattas are still very back-ward in education and status and a great deal remains to be done to raise them to the present day standard. It was the earnest ambition of the deceased B Venkata Rao to achieve this end

4 That it has devolved upon the memorialist and others of his community to work in the cause of their people As a first step in this direction it was decided

7

decided to construct a decent building at their own cost for use as a "Boarding House" to accomodate some 40 or 50 students and utilise the interest on the investment of Rs.44,000/- alluded to above, in defraying the expenses of feeding, clothing and educating the students attending the School.

5. That the memorialist accordingly approached Government in 1908 for a suitable site and suggested the grant of the vacant site to the East of the City Institute near the Fort for the purpose

1908

I

6. That the application was favourably considered by Government and a site measuring about 3 acres, lying to the West of the Eastern boundary of the Shankarpur - Extension was granted.

7 That when memorialist took possession of the site to arrange starting work, it was noticed that within the area was a big drain 17 feet wide and 7 feet deep, running almost to the whole length and cutting the site into two and that there was also a low portion at one end in the North where much water could collect and stagnate and consequently unsuited to the health & well-being of the "Boarders "

8 That the memorialist brought these disadvantages to the notice of the New Extension Committee, on whose recommendation the memorialist learnt the site had been originally granted and prayed for the grant of a - healthy site in the neighbourhood

9 That the memorialist was informed in endorsement No.989 dated, 5th June, 1909 that the site asked for could not be granted. &c.

8

10. That not wishing to delay the establishment of the Charities, pending the question of a suitable site the memorialist started the Boarding Institution in a rented house in Basavangudi with the help and co-operation of the other members of the Community, from the 27th August, 1909. The Institution has lived for nearly 4 years, and the following is a very brief account of its work during these years:-

Year	Total No. of Students	No. Appeared for L. S., Examination.	Number of Successful Students	Remarks
1909-10	23	3	3	1 First Class
1910-11	22	6	5	1 -do-

1911-12 . .	1,750 -	1 -	9
Total. .	Rs 5,508 -	2 -	3

11 That the memorialist, feels very grateful for what has been so graciously bestowed by Government, but, as the site is not free from objection as already brought to your kind notice above, begs leave to appeal to your generosity and sympathy, for the grant of a suitable site, in a healthy locality close to the Schools and College of the City.

9

12. That if the memorialist be permitted to make a suggestion, he would respectfully submit that any one of the following sites may be kindly granted to him:-

(1) Fort glacis opposite the City Institute originally proposed to be alloted for the Y. M. C. A.,

(2) Open space opposite the Central Police Station in the Fort,

(3) Any portion of the sites made -- available by the acquisition of the Kitchetty's Chattram and surroundings near the Yelahanka Gate,

(4) Land belonging to Mr. C.V. Narasimha-Iyengar near Seshadri Road, recently acquired by Government, and

(5) Any portion of the grounds within the Cubbon Park premises

13 That the memorialist respectfully prays that the above prayer made in the furtherance of the advancement of his Community may receive your generous consideration and that some suitable relief may be afforded at an early date

14 That the memorialist will bind himself to conform to any conditions which the Government may be pleased to lay down either as regards the site or the proposed building

For which act of kindness, the memorialist and

the

10

the whole of his Community will feel highly grateful

Memorialist begs to remain,

Sir,

With reference to your letter No.7071/Ml.95-13 dated the 20th ultimo, suggesting the question of locating Mahratta Hostel in the rear portion of the vacant land to the south of the Reserve Police Lines and calling for a report in consultation with the City Improvement Committee whether a portion of the above site cannot be granted to the Mahratta Hostel and whether sufficient space may not be reserved for other Hostels in that locality, I have the honor to forward herewith, for the information and orders of Government, copy of resolution No. VIII of the Bangalore City Improvement Committee dated the 6th Instant, stating that the site already allotted for the Mahratta Hostel is about the most suitable for the purpose and that no site can be granted for the said Hostel in the locality referred to.
